Sorry for the delay. I will keep my comments as outlined below. I believe the applicant would like to request additional modifications; however, these are the only suggestions that we have proactively at this time. Let me know if you have any questions.

Thanks,

Hi Nicolas,

With the caveat that I know the City generally does not directly regulate the sale of alcohol, the Councilman supports the idea of a happy hour at this location. We also support reducing the start time of the security officer hours to 9 PM and revising the concept of the designated driver program so that signs do not have to be posted around the restaurant. One idea is that something could be listed on the menu like, "ask your waiter about our designated driver program."

Feel free to call me if you have any questions.

Thank you,

Hi Nick,

The Councilman would like an opportunity to review these conditions. Is it possible to give us until next week so that the Councilman and I can discuss them?

Thanks,
